Briefs

WEDDING PARTY

A family of Mr. and Mrs. Arceneaux invite all to join with them in celebrating their 50th wedding anniversary at Mass at 5:30 p.m. November 17 in Our Lady of the Gulf Catholic Church. Reception will follow immediately after the Mass until 8 p.m. in O.L.G. School cafeteria. Cards only please.

MEETING

Ice Caventa Circle of the Baptist Church will meet at 7 p.m., Tuesday, November 18, at the home of Mrs. Eugene

BROTHER HUGH, S.C.

Guidance Counselor To Be On Board

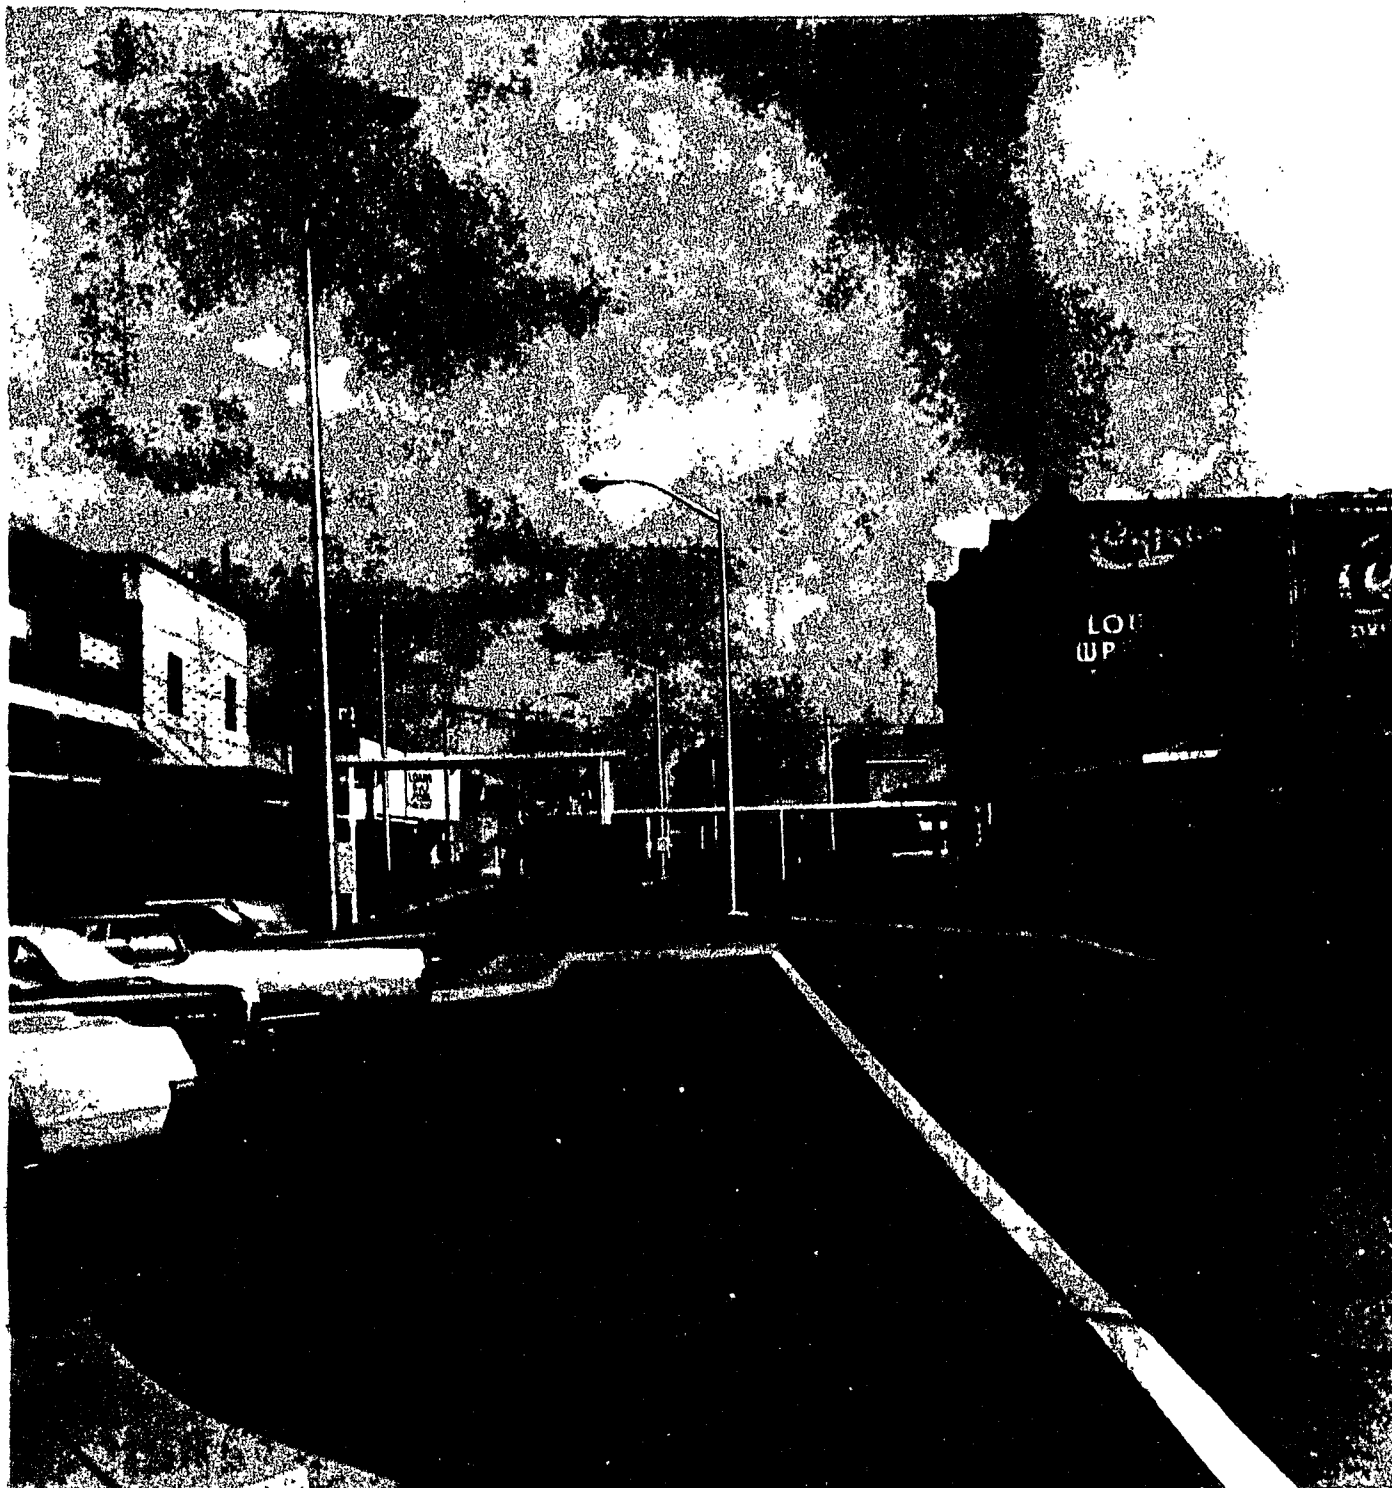

Brother Hugh, S.C., guidance counselor and director of religious education at St. Stanislaus School in Bay St. Louis, has been named as official representative of St. Stanislaus School to the College Entrance Examination Board, Brother Hugh, S.C., also on the faculty of St. Stanislaus High School, has been named as alternate representative.

SALE

Our Boys of Our Lady of the Gulf Church have started a fundraising drive by selling candles. The candles are \$1.25 each and may be obtained from Brother Hugh.

CHRISTIAN VFW

The VFW Post 5931 of Pass Christian will resume its regular Friday night entertainment at 8:00 p.m. in the Post 401 East Beach. There will also be a dance Saturday beginning at 9:00 p.m. in the home of the Carroll family.

Model City Visited By Bay St. Louis Group

Last Friday a group of interested Bay St. Louis citizens visited Eunice, Louisiana, to get a first hand look at progress made during the last few years in that community.

Those making the trip were: Mayor Warren Carver, Commissioner Andre Arceneaux, Joe Buccola, local businessman, and Edward Hall, publisher of The Sea Coast Echo. Eunice, Louisiana, with a population of approximately 12,000 is a typical small farming community located in south Louisiana. In 1964 this community had a major problem, the downtown business section was dying, because it did not "keep up with the times." Shopping centers located on both ends of town, further damaged the downtown economy.

The downtown merchants realized that they were in trouble, empty buildings were becoming more evident every month. Traffic and parking conditions were a major problem. Today Eunice Louisiana is a thriving community. A completely remodeled downtown Shopping Plaza, comprising a four block area, stands as a model program. The merchants working together with city officials planned a project of refinishing store fronts, making public parking facilities, designing traffic flow by making a one way street with angle parking. Local planning and lo-

cal financing was the key to the Eunice success story. Eunice has attracted three fine industries, a two year branch of Louisiana State University, and is now keeping

Citizens Asked To Join National Day Of Prayer

Residents of Bay St. Louis are being asked by Commander Albert Biehl Jr., of V.F.W. Post No. 3253 to join in a national day of prayer November 16, asking for peace, safety of our servicemen in Vietnam, national unity and guidance for the United States in this time of crisis.

Commander Biehl said he hopes all residents of Bay St. Louis will participate in this "call to worship" and that the clergy will set aside November 16 for special prayers in all Bay St. Louis churches, synagogues and temples.

In announcing the day of prayer, Commander Biehl cited a recent appeal made by the Rev. Earl Best, Indianapolis, Indiana, National V.F.W. Chaplain, who said:

"In this critical time, all Americans should reflect prayerfully on the future course this nation will follow and to ask divine guidance for President Nixon as he makes decisions and sets policies that may af-

fect untold generations yet unborn. "All Americans should pray for peace and for the thousands of men who daily put their lives on the line in Vietnam to ensure the right of dissent for other thousands at home who so vociferously object to the role our nation is playing in that troubled country. Let us pray for unity in our resolve to do right."

"In their prayers Americans should remember the men and women who have given their lives in Vietnam and in all the wars their countrymen have fought to preserve freedom everywhere."

Commander Biehl explained that November 16 was selected as the national day of prayer because it is the first Sunday after Veterans Day, November 11, and concludes the week-long V.F.W. sponsored "Operation Speak Out" calling for unity and public support of American policies and troops in Vietnam.

ASSIGNED BY THE PRESIDENT - Michael B. Cook, a department of Housing and Urban Development Model Cities representative from Philadelphia, has been assigned by President Nixon to temporary duty with his Office of Emergency Preparedness. He will serve as liaison to the Governor's Emergency Council and will advise officials in Bay St. Louis-Waveland of federal programs available to communities and individuals in restoring the Gulf Coast. Cook is a Foreign Service Officer and served two years with the Agency for International Development in South Vietnam.

KILN VFW

Kiln Memorial VFW Post 6285 will hold their regular monthly meeting at 7:30 p.m. at the post home.

Editorial

PRIDE

If we are to rebuild Bay St. Louis a major factor will be the pride of our citizens. Without pride we will never be able to do the job that needs to be done.

Now that Hurricane Camille clean-up operations are tapering off throughout our city, we must start a personal clean-up campaign of our own.

Let's get our city in order fast... so that we can proceed with needed progress as far as rebuilding. We can begin by getting our yards in order, remodeling and rebuilding will be now in order.

We can make our community beautiful if we plan and act upon these plans. Trash and unsightly articles should be cleared from all property as soon as possible.

We are fortunate to have one of the finest garden clubs (Bay-Waveland Garden Club) to be found anywhere. This group of women have devoted many hours in trying to help beautify our community - Let us get behind them and get the job done NOW.

Many merchants, particularly those losing their businesses due to Camille, are confused as to what to do. These people need the entire support of the community.

If we as a group take PRIDE in all efforts to rebuild--- we cannot fail. Let's make our city a model for the entire Mississippi Gulf Coast.

Officials To Discuss Tax Reductions

The State Tax Commission has requested a meeting of the boards of supervisors and their attorneys; city officials and school boards of Pearl River, Hancock, Harrison and Jackson counties to discuss with the Commission legal requirements to effectuate reduction, if possible, of 1969 assessments in a uniform and statutory manner for Camille destroyed dwellings.

Called by George Dahmer, Field Supervisor, Ad Valorem Homestead Exemption Division of the Tax Commission, the meeting has been set for November 19, at the Courthouse in Gulfport to begin at 10:00 A.M. The Supervisor has advised all officials by letter of the meeting.

This meeting stems from the work of assessors at their recent conference in Jackson with the State Tax Commission. Hancock County Assessor George Heltzmann attended the annual meeting of the Mississippi Assessors' Association in Jackson Wednesday through Friday at last week.

During daytime meetings, discussions were held relative to assessor's duties in various categories and committee

meetings were held in the evening. Heltzmann, immediate past president of the organization is chairman of the legislative committee.

During the meeting talks were made on Camille's effect on the economics of the disaster areas by Harold Breland and Aubrey Beeson assessors for Pearl River and Harrison counties respectively.

Heltzmann also made such a talk and showed pictures of the disaster areas. He wishes to thank General Electric, Bob Hubbard and Ed Hall for furnishing the pictures used.

Schools To Offer Survival Course

Last Thursday E. E. Polk of the State Department of Education met with the superintendent of Bay St. Louis Schools J. D. McCullough, Brother Pierre of St. Stanislaus, Rev. Charles Johnson of Christ Episcopal, Eugene Ladner, County Superintendent of Schools and Robert Caldwell, Principal at Bay Senior High, to discuss the Teacher Training Seminar to be held at Bay Senior High, November 25, from 8 to 5 o'clock. The seminar will cover the principles and concepts of Personal and Family Survival.

Personal and Family Survival is a 12-hour course now offered in all Junior and Senior High Schools in the county and will be given in conjunction with the Physical Education program. All materials used in the course will be supplied by Civil Defense through the various school boards.

The course will teach what can be done in the event of a nuclear attack or any other form of disaster. Students completing the course will be awarded Certificates of Completion.

Each school will set up disaster emergency plans to be tied in with Civil Defense plans as to what parts students and faculty are to play in a disaster.

Nuclear attack shelter or hurricane shelter will be set up and persons seeking shelter will be directed which shelter to go to and the route to be taken to get there. Such shelters will have proper facilities for the type of emergency. These shelters will be set up through federal, state and local officials according to plans already submitted but not yet finalized.

On completion of the plans a brochure giving complete information as to locations of shelters, mode and route of travel and supplies necessary to assure maximum survival for the citizens of Hancock County. A copy of the brochure will be given each family in this area.

In a special meeting, Mayor Warren Carver and City Commissioners William F. Frisbie and Andre Arceneaux of Bay St. Louis authorized the General Electric Co. to proceed in its continued project of providing planning research services to the city.

James A. Lowe, Project Engineer, and Wade Verges, Urban Designer-Planner of GE's Management and Technical Services Department, presented a proposal to the city outlining methods for developing a comprehensive plan for the revitalization and rebuilding of Bay St. Louis. In the proposal, particular emphasis is placed on an extensive study of the core area of the downtown business district and possible redevelopment of a model business district along Highway 90.

In an attempt to realize these goals, Lowe stated, GE-MTSD will also provide the City of Bay St. Louis the necessary technical and administrative resources needed to procure federal and state grants and loans for 701 Comprehensive Planning Assistance Program elements. This will require liaison with federal, state, regional and local agencies such as HUD, EDA, Mississippi Research and Development Center, the Governor's Emergency Council, and the Gulf Regional Planning Commission, as well as with the mayor, city council and local planning commission members.

Wade Verges told Mayor Carver and other city officials that the final elements to be included in a realistic development of a Comprehensive City Plan cannot at this time be fully assessed. Verges said it will be the role of the General Electric Co. in working with all of the above-named participants to assess in detail the extent to which each element in the Plan should be explored.

Verges said the basic principle which will be followed by GE throughout all the investigations will be that of a total-citizen involvement. As data is generated and physical design proposals are made, review meetings will be scheduled with all local, state, regional and federal groups in an effort to achieve full cooperation in the shortest possible time. Verges iterated the principle that planning is a science which deals with an orderly, well-thought-out approach to the future needs of a community. "It should also be recognized that these things do not happen overnight," he explained. "This development process necessarily involves the conscious input of many variables, primarily those of local citizen participation."

Lowe stated that as soon as General Electric had developed concepts in sufficient detail, a presentation would be made. He said it is his hope all citizens will participate in injecting ideas into the development plans.

LB Requests Federal Aid

The City of Long Beach is in the process of filing applications for federal assistance through the Interim Assistance Grants program and the Certified Area Program of the Department of Housing and Urban Development, according to Mayor William D. G. Skellie, who is making a concerted effort to provide further clean-up of public ways and areas, collection of refuse and bulky junk, and removal of debris and wreckage.

The United States Corps of Engineers has given a low priority to cleaning the beachfront area of debris and wreckage since the storm. The Corps has been asked to clean up the beachfront area of debris and wreckage since the storm.

The United States Corps of Engineers has given a low priority to cleaning the beachfront area of debris and wreckage since the storm. The Corps has been asked to clean up the beachfront area of debris and wreckage since the storm.

33% Of Projected Goal Reached By United Fund

Press Report on Hancock County United Fund Drive: For 1970: \$27,595.00; received to date: \$9,150.00. Percentage of goal: 33% of today 33%.

The United Fund drive was extended to December 1st, due to late start over which there was no time to make a change in the drive.

obtain one from Dick Shadoin at the Postoffice or can mail their contribution to P. O. Box 143, Bay St. Louis, Miss. 39520. The agencies need your support more than ever this year

as they also suffered losses during Camille. These losses can be replaced only through the generosity of each and every one of the Hancock County citizens.

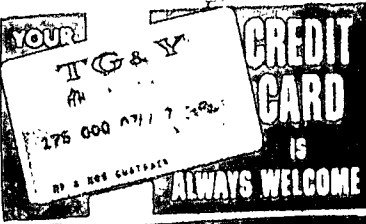

Think of the United Fund and the good it is doing for Hancock County and open not only your hearts but your purses. No contribution is too small, for many small ones will fill up the pot.

Our readers write

Editor, Sea Coast Echo:

That just a Bay weekend, I am mightily interested in the ultimate rehabilitation of the charm that was, and as one of the fortunate whose house is, to put the matter optimistically, habitable, I am consoled with the landscape. The trees, the lush gardens belonged to all who passed as well as those who enjoyed them immediately.

Would it not be possible for you to publish a regular basis some practical advice, suggestions, recommendations for this type of rehabilitation... down-to-earth (oops!) ideas written by experts on local climate, soil, and native flora. Suggestions as to quick growing shade trees... breeding to replace fences (yes, the Corps of Engineers removed them too)... advice as to stumps.

To those whose loss was total, perhaps this may seem frivolous; however, that is far from the intent. Many of us must work with what is left and as the individual parts are healed, to that extent too will the entire community advance.

Many thanks for your consideration.

Sincerely,
MRS. JAMES W. CHESTNUT
New Orleans, La. 70116

Editor, Sea Coast Echo:

I write in defense of our dear and beloved sheriff who is continually suffering severe, inflationary attacks during the business trips he makes. The poor soul loses \$24.00 "plus" each time he makes a trip to Gulfport. The poor victim of inflation, our down-trodden County Guardian, suffers an uncontrollable monetary bleed that exceeds \$100.00 "plus" every time he travels to the penitentiary. The Grand Pistolet suffers even worse when he goes to Whitfield; the cost goes entirely crazy.

It has been suggested that the sheriff receive special protection from the delinquent attacks of inflation. The consensus of opinion favors having the sheriff placed under protective custody in a jail cell (to shield him from the inflationary pestilence) when he makes his next trip to the penitentiary. I, however, feel that when the sheriff next goes to Whitfield, he should seriously consider establishing permanent residency in the institution in order to, more or less, control the incurable, inflationary malady that plagues him. This is not only a medically sound suggestion, but it is also in keeping with President Nixon's anti-inflationary policy.

ROBERT F. J. VAN PERSIE
Bay St. Louis, Mississippi

Editor, Sea Coast Echo:

I personally like to express my thanks to the Corps of Engineers for all they've done for us in Bay St. Louis.

It would be impossible to even imagine the condition our City would be in now if these men had not come to our aid. None of us could have begun to help ourselves in the face of the enormous amount of debris which blocked every area both near and far.

Ever grateful and conscious of his own problems and everyone's getting impatient, trying to get his car repaired, his boat repaired, his flooding rectified. But he has already been renovated, replaced, and repaired. Let us never forget our gratitude for being alive and our feeling of joy in receiving light and water after weeks without these luxuries.

But most of all let us express our gratitude to the men who came from all over the United States to help us return to a normal life. Among these groups there is a particular one to whom I want to express my sincere appreciation, the Corps of Engineers.

SISTER PATRICIA, C.S.J.

Dear Editor:

Please print this complaint against the C.O.E. that cleared damages in Clermont Harbor and elsewhere.

The damage not too great on my grounds for me to manage, signed for the C.O.E. to clear the trees and debris out. Went back last week and saw the mess they did of the place, cesspool top broken down, opened and carried off, side of house broken in, concrete steps broken and garage slab split, front drive gate down and huge post to fence down also huge flag pole out of ground.

It will cost me a nice piece of money just to have the grounds leveled down, if there is anyone that can advise me if there is any action to be taken against the wrecking crew they hired, please let me know. I have been in Meridian with my daughter since the hurricane. This happened in Clermont Harbor, 230 Forest.

I'll be grateful to hear or get help in regards to this. Mrs. V. Simms Meridian, Miss.

Editor, Sea Coast Echo:

I just received the copy of the "Camille Book." Congratulations. It is excellent.

Thank you very much for the exceptionally nice treatment that you gave me while I was in your community. Your paper is a great asset to your city and Hancock County.

Sincerely,
LA VERNE BRODIE
(A Red Cross worker.)
Myrtle Point, Oregon

Editor, Sea Coast Echo:

"Thank you" is so easy to say and yet I am afraid many of us have been remiss in expressing our thanks publicly in the news media to the many groups who helped us following Hurricane Camille and who are still hard at work in our midst. At the risk of leaving someone out, I would like to express my gratitude to all the groups and all the individuals who did so much in our area. You know who you are and your praises go unsung. I wish especially to express my thanks to the CORPS OF ENGINEERS and to the NAVY who have done so much for us. Without you we would have found it very difficult to come as far as we have come today in our rebuilding and our clean-up efforts. Thank you so much. We, the majority, are grateful.

Sincerely,
SISTER CYNTHIA, C.S.J.

Editor, Sea Coast Echo:
I think it is a crying shame that the present city administration has not taken any steps to have the roof fixed on the Webb Community Center. So many organizations used it and it was a credit to the community. I think it is high time someone did something about it.

The insurance companies said and everyone said, make temporary repairs to your roof, so as not to further damage the inside. Well what about the community center.

Albert Blehl, Jr.
OUR READERS WRITE
We thank you for the Echo with the interesting write-up of Mr. Agnew's speech.

E. G. Jeffreys
Petroleum Exploration
Jackson, Miss.

I've enjoyed your articles on Trinity, the Episcopal Women, Agnew dinner, etc., and we continue to hear appreciation for the splendid write-up you gave of our 50th wedding anniversary. The Echo has gone to Georgia, Oklahoma, California, Tennessee, New York, etc.

Mrs. C.C. "Kairina" McDonald
Bay St. Louis

We are surely glad to have a copy of the Sea Coast Echo booklet "Camille". It is very interesting and well done. Sam enjoyed his write-up in the Echo (Unusual Camellias) and has shown it to many people.

Mrs. Sam K. Williams
Gulfport, Miss.

Patriotism Is Far From Dead

Have Americans grown cynical about patriotism about displaying the American flag?

Not if a recent experience of a major U.S. manufacturing firm is any indication. In fact, the opposite may be true. Tired, perhaps, of the vocal and destructive dissent of a few, the majority of Americans may be ready to stand up and be counted.

The 3M Company sees indications this is so. Recently, its Reflective Products division began a modest program to offer American Flags to its customers throughout the United States. Made of reflective material, the flags come in three sizes. An adhesive backing makes them suitable for display on any clean, dry surface such as an automobile bumper or window.

Prior to making the flags available to customers, 3M president Harry Heltzer sent a flag to every one of the company's 35,500 employees in the United States. A brief accompanying letter ended "I invite you, as an American, to display the enclosed American flag as an expression of the respect for what our flag signifies."

Employees reacted with scores of congratulatory letters.

"We were delighted to receive our American flag bumper sticker. It gives me personal gratification to know I am employed by a leader, not only of industry, but also in promoting America," wrote a female employee in the company's Coated Abrasives division.

"Thank you, Mr. Heltzer, for the flag. Please tell me how I can get additional flags," wrote the wife of an employee at the company's Chemolite plant in Cottage Grove, Minn.

"We have just put the flag on one of our cars. Would it be possible to get one for my Model A Ford? We, too, believe in waving the flag," wrote an employee

from Feasterville, Penn. "Great! I'm with you. More of this sort of thing should be done. I need two more, and I want some to give to friends," wrote an employee from St. Paul.

"I hope I do not appear presumptuous in writing to you... (but)... I felt a great sense of pride as an employee of 3M that a company of our size and stature would take the time and effort to try to stress the importance of patriotism at this crucial, unsettled time in every American home. My husband is retired from the U.S. Army. One son honorably discharged from the U.S. Air Force. Our youngest son is making a career of the U.S. Navy. He's returned to active service aboard the U.S.S. Enterprise after being

from Feasterville, Penn. "Great! I'm with you. More of this sort of thing should be done. I need two more, and I want some to give to friends," wrote an employee from St. Paul.

"I hope I do not appear presumptuous in writing to you... (but)... I felt a great sense of pride as an employee of 3M that a company of our size and stature would take the time and effort to try to stress the importance of patriotism at this crucial, unsettled time in every American home. My husband is retired from the U.S. Army. One son honorably discharged from the U.S. Air Force. Our youngest son is making a career of the U.S. Navy. He's returned to active service aboard the U.S.S. Enterprise after being

severely wounded on Jan. 14th when the tragic fires and explosions aboard her occurred. Forgive me for rambling. I only intended to say 'thank you' for the sticker and for helping to reaffirm my faith in my fellow Americans..." wrote a female employee of the company's pressure-sensitive tape plant in Bristol, Penn.

This reaction, and similar reaction after flags were passed out at 3M's spring stockholders meeting, confirmed the firm's decision to offer American flags on a nationwide basis.

Results? "The results amazed us all," says J.C. Landen, head of 3M's Reflective Products division traffic control products department. "During the first three weeks, orders were received

for 875,000 American flags. Mostly, customers planned to enclose them in pay envelopes or send them to employee homes in the mail.

A major aircraft and missile manufacturer purchased 15,000 flags. A California utility purchased 22,000. A U.S. Navy shipyard ordered 10,000. A regional unit of a major national super-market chain ordered 10,000. A Chevrolet dealer in El Paso purchased 500. A Baltimore radio station placed an order for 300. A VFW post in Richland Center, Wis., wrote a check for 1,000. A daily newspaper in a medium-sized California city ordered 10,000 and ran a full-page advertisement notifying readers of their availability.

Demand for flags has been so strong that 3M believes it will receive requests for several million before long. The firm plans to offer them on a continuing basis.

Flags are in three sizes: 2 1/2 by 3 1/4 inches, available for a mere \$4 per package of 100, 4 1/2 by 5 1/4 inches, at \$15 per 100, and 8 1/2 by 11 inches, available as low as \$13.25 per package of 25. Flag orders may be sent to: 3M Company, Reflective Products Division, Dept. JH 224-6W, 3M Center, St. Paul, Minn. 55101.

Small flags are suitable for automobile windows and bumpers. Medium-sized ones are suitable for public vehicles. Large-sized ones are suitable for trucks. A small, four page brochure containing words to the Star Spangled Banner and the Pledge of Allegiance, and statements great Americans have made about the flag, is available for 80 cents per 100.

Success of an idea, and a modest sales program that just grew and grew, is proof, the company feels, that Americans have not abandoned the ideals upon which their country was founded—that patriotism is not dead.

from Feasterville, Penn. "Great! I'm with you. More of this sort of thing should be done. I need two more, and I want some to give to friends," wrote an employee from St. Paul.

"I hope I do not appear presumptuous in writing to you... (but)... I felt a great sense of pride as an employee of 3M that a company of our size and stature would take the time and effort to try to stress the importance of patriotism at this crucial, unsettled time in every American home. My husband is retired from the U.S. Army. One son honorably discharged from the U.S. Air Force. Our youngest son is making a career of the U.S. Navy. He's returned to active service aboard the U.S.S. Enterprise after being

severely wounded on Jan. 14th when the tragic fires and explosions aboard her occurred. Forgive me for rambling. I only intended to say 'thank you' for the sticker and for helping to reaffirm my faith in my fellow Americans..." wrote a female employee of the company's pressure-sensitive tape plant in Bristol, Penn.

This reaction, and similar reaction after flags were passed out at 3M's spring stockholders meeting, confirmed the firm's decision to offer American flags on a nationwide basis.

Results? "The results amazed us all," says J.C. Landen, head of 3M's Reflective Products division traffic control products department. "During the first three weeks, orders were received

for 875,000 American flags. Mostly, customers planned to enclose them in pay envelopes or send them to employee homes in the mail.

A major aircraft and missile manufacturer purchased 15,000 flags. A California utility purchased 22,000. A U.S. Navy shipyard ordered 10,000. A regional unit of a major national super-market chain ordered 10,000. A Chevrolet dealer in El Paso purchased 500. A Baltimore radio station placed an order for 300. A VFW post in Richland Center, Wis., wrote a check for 1,000. A Conservative

by James J. Hill

In a towering work that will be read and remembered long after more publicized books of this century are forgotten, Whittaker Chambers wrote of what it means to bear witness: "A man is not primarily a witness against something. That is only incidental to the fact that he is a witness for something. A witness, in the sense that I am using the word, is a man whose life and faith are so completely one that when the challenge comes to step out and testify for his faith, he does so, disregarding all risks, accepting all consequences."

In the light of the President's speech this past Monday evening, and more especially in anticipation of coming events, I suggest that it is time for Mr. Nixon's "silent majority" to meet the challenge; it is time to bear witness.

To be sure, public policies ought not to be decided by public demonstrations—the greatest prize to the largest mob. No greater folly could be conceived than to determine truth by counting noses. I am not proposing, as to Vietnam, a national shouting contest between those who cry "stay" and those who cry "go."

But a challenge has been growing for the past several years, not merely as to Vietnam, but in other areas of American commitment. Who is to bear witness to our country? Where does the weight of tes-

timony lie? Will we be judged, in this coming week, solely by the masses turned out by the New Mobilization Committee? Are we to be guided by those twisted theologians who preach the "immorality" of Vietnam, and then demand that thousands of South Vietnamese be sacrificed to a bloodbath? Is the measure of our national will to be found in the soft counsels of appeasement, withdrawal, and surrender?

What of our universities? The dedicated labor of generations went into building their greatness, at Harvard, Columbia, Berkeley, Cornell, M.I.T. They flourished as centers of learning primarily because they retained a balance, as the universities of Europe and South America did not—a balance between liberty and order, Freedom and discipline walked as handmaids in the groves of our academies. This was the ideal. Who now bears witness to it?

A few days ago a band of student militants marched at M.I.T., demanding, if you please, under threat of violence, that their notions of permissibility research be imposed upon the institution as a whole. Harvard's reputation for academic integrity has been irreparably compromised. Berkeley appears to have attained a state of perpetual chaos. True learn-

ing disciplines post... Why kept... plan... or that... are not... to harp... trained... court... at least... involvement... any... ist inter... ers, and... applaud... A part... also in... Mrs. Leonard

Mrs. Thomas P. Leonard, 79, died early Thursday morning, November 6, at Hancock General Hospital following a brief illness.

Mrs. Leonard, the former Katherine Hayden, was born in Middleboro, Mass. the daughter of Mr. and Mrs. Fayette Wellington Hayden, she spent most of her life in Stamford, Conn., moving to Bay St. Louis in 1965.

Since moving to this city she and Mr. Leonard have been residing with their son-in-law and daughter, Mr. and Mrs. Paul M. White Jr., at 106 Felicita Street. Mrs. Leonard was active in Bay-Waveland Garden Club and Christ Episcopal Church Women's Auxiliary.

Survivor, in addition to her husband and daughter, are five granddaughters and four great-grandchildren.

Funeral services were conducted at Riemann's Fahey-Whitfield Funeral Home Chapel Friday afternoon with Rev. Charles R. Johnson, pastor of Christ Episcopal Church, officiating.

Burialment was in Garden of Memory Cemetery with Charles G. Reed, Terence M. Feeley, William M. Frisbie, Col. E.C. Hayden, Lloyd B. Griffith and William P. Hillier as pallbearers.

James L. Sims

James L. Sims, 80, a resident of Shoreline Park for six years, was killed in an automobile accident on Highway 603 Thursday afternoon. He was pronounced dead at 5:30 p.m. at Hancock General Hospital.

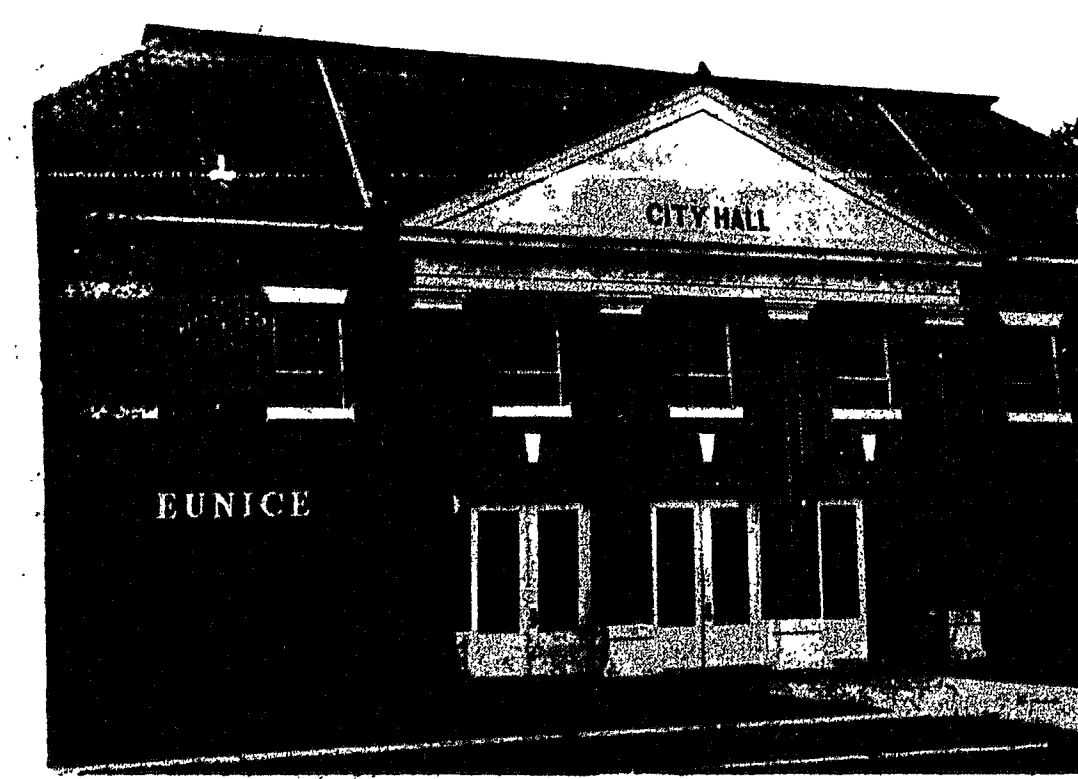

Mr. Sims, a retired carpenter for D. Kirkland Construction Company in Savannah, Ga., was a Baptist and a member of Carpenters Local Union 256 in Savannah.

He is survived by his wife, Mrs. Marguerite T. Sims, Shoreline Park; two sons, William L. Sims, of New Orleans, La., and James L. Sims, Jr., of Bay St. Louis; five grandchildren, four great-grandchildren and four sisters.

His body was sent from Riemann's Fahey-Whitfield Funeral Home, Bay St. Louis, to the Thompson Funeral Home, Springfield, Ga. Services were held Monday.

The Robert Godfries formerly of 1808 North Beach are living in Poycune.

The William Hillier of 25 Paradise Point Drive are living in their guest cottage. Repairs are progressing nicely on their home.

County Agents Note

One of the Mississippi farmers more money from year is to time the results of this is needed. E. Cholesterol list of the Cooperative Services.

Now is the ideal time spread, he said, being harvested, and likely to be near or shortly after. Spreader trucks may be busy as in the spring.

"Time that is cast and thoroughly the top six inches of will have time to neutralize the soil time to help the crops," Mr. Cholesterol said.

This season is the time to collect and have them tested in lime and fertilizer. 1970 crop. Soil through the laboratory now than during the

Early soil sampling the farmer to get a reply and plan early and fertilizer. Depth of the grades are available.

For free soil analysis instructions and home local county agent. Mississippi farmers losing an estimated \$100 million a year in gross farm income because of excessive acidity. Mr. Cholesterol Without an improved program, this loss will grow, he added.

The proper use of a key practice in the 1.5 by '75 program cultural development goal of this program production having a value of \$1.5 billion a gain of 62 percent a decade.

The most recent summary indicates that soils are too acid to yield crops. A legume crops. A legume crops are the legume crops like clover and small grains.

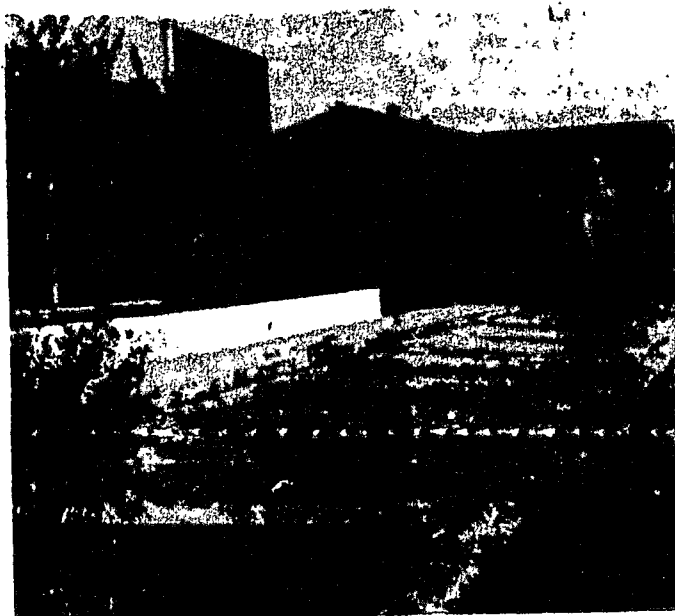

On the average, Delta are as high as 100, limiting as badly as the hills section.

The one-half million time used annually by slipp farmers is only third of the amount high efficiency in the of crops, the special out.

Lime increases on acid soils in calcium calcium calcium, it provides calcium magnesium, it slows the leaching of sium and increases the ability of. Lime molybdenum. Lime more favorable activity. It also helps to go deeper

GIVE

Eunice, Louisiana

SUCCESS STORY of a downtown renewal program is clearly illustrated by Eunice, Louisiana. This model community had its problems in 1964, but today stands a community busy with progress. Downtown merchants faced the future with confidence, and built a city that advanced in retail sales tax revenue from \$13 million in 1963 to a revenue of 24 million plus in 1968.

BY OF THE GULF senior and junior CYO officers were installed at a concelebrated mass at 11:30 a.m. Sunday in Our Lady of the Gulf Catholic Church with Rev. John and Rev. John J. Kelly as celebrants. Installed were: Timmy Ryan, president; Senior Chuck Benvenuti, vice president; Jeannie Johnson, secretary; Evelyn Murtagh, treasurer; Benvenuti, Physical chairman; Holly Ames, Spiritual; Vickie McCaleb, cultural, garde, social chairman; and Mary Ellen Murphy, Parish Council Representative. McGinty, junior president, Charlotte Stiglet, vice president; John D'Emidio, secretary; LaFontaine, treasurer, and Jude Ann Blaise, Sherry McGinty, Chris D'Emidio MacDowell, chairmen.

Health Officials To Begin Rubella Immunization Campaign

Board of Health officials plan today to begin a rubella immunization campaign.

Edward L. Blakey, director of the Department of Health, said rubella "is one of the major known causes of congenital defects, such as heart disease, blindness and deafness. He said the campaign in Mississippi is part of a massive nationwide effort, utilizing, for the first time, vaccine designed to prevent the disease."

In order to do this, he said, first priority will be given to the most susceptible age group, consisting of children five and six years old—in kindergarten and the first grade.

"As rapidly as possible," he said, "we will then extend the immunizations to seven-year-olds and eight-year-olds and to such preschool groups as Head Start and day-care children."

Once this top-priority age group is covered, he said, immunization of children nine through 11 will begin. Vaccines will be given in schools whenever necessary, he said.

"Ultimately," he said, "we hope to establish a basic maintenance program by vaccinating any remaining unprotected children in the preschool group and also by incorporating Rubella vaccination in the routine baby program. Thereafter, our basic Rubella recommendation will be to vaccinate as soon as practicable after the age of one year—and no later than entry to school for the first time. Until this goal is reached, maximum use is to be made of whatever vaccine supplies we get."

Dr. Blakey said he would not estimate how long it would take to vaccinate the first-priority group or the second-priority group.

"We're talking about ten years of children," he said, "with about 50,000 children in each year. That's a total of 500,000. And that's a probably a minimum estimate. We estimate the State Board of Health would immunize about half that number and private physicians the other half, which gives us 250,000 youngsters to immunize."

Dr. Blakey said the program might take three years, although this time period would be reduced "considerably" if "we are able to make maximum use of all our resources." He pointed out that the Rubella program must be carried out in addition to all the other continuing programs of the State Board of Health.

He added, "This must be a massive effort. It must be concentrated, both from the standpoint of time and from the standpoint of being directed to as large a population as resources will permit."

He said immunization of the first-priority group "will enable us to reduce, to as low a level as possible, the amount of Rubella virus in the environment of today's parents or parents-to-be."

He commented on points raised by some as to why the Rubella vaccine is not given to women of child-bearing age. "Vaccine can be given only with the utmost precaution to any woman of child-bearing age, because we don't know whether the vaccine virus could be transmitted to the fetus and do the same damage to the unborn child as would the Rubella itself. Therefore, immunization of any woman of child-bearing age is a highly individualistic procedure requiring evaluation of each individual patient. This procedure does not fall within the mass-immunization approach of the State Board of Health."

Dr. Blakey said parents of school-age children will be notified, in days to come, through their schools.

Parents-to-be," he commented on points raised by some as to why the Rubella vaccine is not given to women of child-bearing age. 31 Years Celebrated in Laundry Business

Mr. and Mrs. T.T. Robin celebrated 31 years ownership of the Globe Laundry, Tuesday, November 11, and wish to express appreciation for the patronage received from Bay St. Louis and the area. They also wish to remind patrons that the laundry always employs local people.

For three weeks after Camille Globe Laundry was not in operation. Functioning would have begun sooner if gas had been available. During the hurricanes of 1947 and 1962, the laundry continued uninterrupted operation and was the only one operating between Gulfport and New Orleans.

toner will dial a wrong number and does not want its customers to pay for these errors. If you reach a wrong number you should call the operator immediately and report the error. You will not be charged. To make the most of cheaper phone rates plan your calls, where possible, for nights and weekends. Other money-saving tips are to jot down the things you want to talk about in advance. In this way you cover more conversation in less time.

Should you have a poor connection or if you are disconnected, both parties should hang up. The one who placed the call should call the long distance operator and report the trouble. She will re-establish the connection and also adjust the charge. Telephone etiquette makes phone calls a pleasure. Remember to identify yourself when you answer the phone, to keep your voice well modulated, and to talk into the receiver.

Franklin Kyle is the coastal area manager for South Central Bell and crews are still working very hard in an effort to re-establish service for all customers and clear up cable troubles caused by Hurricane Camille.

William Livermore, who had been excommunicated for many years, was invited to participate in the ceremony. The first Mass of the treatment came to the attention of the Mass of Consecration, in which the Reformation renewed their baptismal promises.

Joe Pilet

Five new directors will be elected for the Long Beach Chamber of Commerce of November 15. Ballots have been mailed to members who are to vote from a list of ten names submitted by the chamber nominating committee. It is also permissible for voters to select names from the general membership and to make an addition. Sometimes select by the committee are Maxine Batley, Gladys Budd, Virginia McFerris, Cecil Lubusson, Stanley Easterling, A. C. Fayon, W. H. Johnson, Carl Lacey, Jack Randall and Dave Schroeder.

The five selected directors will join five already on the board who still have a year to serve. Before the end of the year another election will be scheduled for the office of president, vice president and treasurer. Cooper Andrews, president of the chamber for the past two terms, said election had been delayed because of events stemming from hurricane Camille.

Returning Hawk lettermen include Greg Shaw, James Bryant and Dennis Peterson, Seniors; Ricky Page, Junior. Other candidates for the team are O'Neill Cuevas, Randall Necaise, Edwin Ladner, Danny Martin, Jeff Larsen, Jamie Ladner, C.J. Saucier, Elbert Cuevas, Ray Cuevas, Richie Ladner, Anthony Necaise, Randy Ladner, Carey Desaux, Ross Ladner, Francis Necaise, Danny Shaw, and Eddie Reeder.

This season's team, a sophomore one will be defending the District 8, Class A and South Mississippi Class A Crowns.

New Roof Now On Courthouse

The Hancock County Court-house is now wearing a new roof. The contractor, Chester Favre, says all work is complete except a small amount of work around the edges and another small amount on the dome. Favre has also completed replacing all broken windows in the class.

"The roof is of thick asbestos but shingles, said the contractor and then pointed out that all the materials used were purchased locally and all labor was done by local workers."

Favre is handling the installation of the three double trailers, the double trailer to be used by the sheriff's department and two of the double trailers will be used as court room, judge's chamber, two

jury rooms, two witness rooms and two conference rooms. The courtroom though not completely finished is now in use.

Sounds Trip Gers 31-14

Bay High Tigers took lead in their game with Springs Greyhounds at Bay High Stadium Friday and although leading at the end of the half, they were unable to score again or to hold the lead. Bay High came back in the second half by holding the Greyhounds to a field goal and rolling up 18 points to win 31-14. Bay High now has a record of 1-1 while Bay High has a record of 0-2. Bay High scores came in the first quarter when Mayfield got a mid-air at the Tiger line in 82 yards to score.

and in the second quarter when Estapa tossed a 24-yard touchdown pass to Lymuel Mayo's toe made PAT after each of the Tiger touchdowns.

Quarter scores:

GRAND RE-OPENING starts today at Gulf Thrifty Drugs in Bay St. Louis Shopping Center. Bob Wyatt, owner with sales personnel Connie Heltzmann (r) and Barbara Ramsey prepare for the event. Gulf Thrifty Drugs has been completely remodeled with carpeting, new fixtures, and new departments. Bob will offer first class merchandise in this modern pharmacy.

Echoes

Seaman Tom Boyd, who has been spending two weeks leave with his parents Mr. and Mrs. Lambert T. Boyd Jr., left Wednesday for San Diego, Calif., where he will enter computing training with the U.S. Navy.

Rev. John T. Dearing, pastor First Baptist Church, is attending the Mississippi Baptist Convention in Jackson this week.

Following the convention he will visit with his mother in Pine Bluff, Arkansas, returning home for services November 16.

Approximately 30 youth from Bay St. Louis will attend Youth Night at the Mississippi Baptist Convention in Jackson tonight.

Transportation is being furnished by Lamar-Lane Chevrolet Company.

Weekend guests of Mrs. Forrest L. Favre were her son Sp/6 Clyde Favre and son Clyde Jr. of Fort Bonning, Ga.; Forrest Jr., Mrs. Favre and their children Tony and Tracey of New Orleans; her son-in-law and daughter Mr. and Mrs. Arthur Ward of Biloxi, and her daughter-in-law, Mrs. Wayne Favre and daughters Debbie and Pam of Long Beach.

Gregory Presnell, a student at Pearl River Junior College, spent the weekend with his parents Mr. and Mrs. Elus Depreo and family.

Children at the Depreo Nursery were feted with a Halloween party October 31 hosted by Mrs. Elus Depreo.

The Halloween theme was carried out in the decorations and refreshments.

Mrs. Forrest L. Favre returned Saturday from a visit of several weeks with her son and daughter-in-law Mr. and Mrs. Roy Favre and family in Tempe, Ariz.

Mrs. W. A. Scarborough Jr. visited over the weekend in Jackson with her son and daughter-in-law Mr. and Mrs. Billy Scarborough and family. While there they celebrated her grandson Jay's seventh birthday.

Misses Joy Monti, Anna Margaret Boudreaux and Julie Echette returned to New Orleans Sunday after a visit of several days with Miss Monti's mother and aunt, Mrs. Leonie Monti and Miss Rosemary Blaise.

Mike Ryan, a sophomore at the University of Southern Mississippi, visited over the weekend with his parents Mr. and Mrs. James A. Ryan and family.

The Leon Parent family have a mobile home installed on their North Beach property.

Mr. and Mrs. Randy Neacase are living in their mobile home located on Cedar Ridge Road.

The S. C. Hastings are back in their home on Engman Avenue.

The John E. Isoms are living in a mobile home on location 118 Engman Avenue.

The Ruben F. Grays of 1346 North Beach are progressing with repairs and expect to occupy their home again in the near future.

Diane Summers, daughter of Mr. and Mrs. Robert Summers, has returned to her home on St. John St., following a six week stay at Ochsner Hospital in New Orleans.

PASS CHRISTIAN

Marine Pvt. Larry Corneli, son of Mrs. Dolores E. Corneli, 356 Henderson Ave., is now home on leave after completing basic training at Parris Island S. C. and Camp Lejeune, N.C. He will report to communications school, San Diego, California upon expiration of his leave. Pvt. Corneli enlisted in the Marines last June.

Mr. and Mrs. Logan Cline of Hursey Avenue were recently visitors in Macon.

Mr. and Mrs. Clyde Fricke announce the birth of their second child and first daughter, Kimberly Rae, at Gulfport Memorial Hospital, October 31, 1969. She weighed seven pounds and fifteen ounces.

Maternal grandparents are Mrs. Augusta "Cissy" Skinner of Waveland and Ray Skinner of Ansley. Paternal grandparents are Mary Fricke of Waveland and Clayton Fricke of Lakeshore.

Mr. and Mrs. Manuel Shiyou announce the birth of their second child and first daughter, Penny Sue, at Crosby Memorial Hospital, Picayune, October 31, 1969. She weighed seven pounds and 15 1/2 ounces.

Maternal grandparents are Mrs. August "Cissy" Skinner of Waveland and Ray Skinner of Ansley. Paternal grandparents are Everitta Shiyou of Kiln and the late Manuel Shiyou.

Mr. and Mrs. John Wrensted of Waveland announce the arrival of a daughter, Keeli Ann, November 10, at Gulfport Memorial Hospital. She weighed seven pounds, seven and one-half ounces.

Mrs. Wrensted, the former Judy Poolson, is the daughter of Mrs. Jules Poolson Sr. of Bay St. Louis and the late Mr. Poolson. The late Mr. and Mrs. John Wrensted Sr. of New Orleans were paternal grandparents.

The Wrensteds have another daughter, Amy.

Mrs. R. Baxter D.A.R. Hostess

On Saturday afternoon a group of 36 members of the D.A.R. met in the Pearlington home of Mrs. Roy Baxter for an inspiring program followed by a social hour during which time Mrs. Evelyn Robbins presided at the silver coffee-tee service. A camellia arrangement and table were used on the dining table where light refreshments were served. At vantage points in the meeting rooms were lovely arrangements of pale yellow chrysanthemums. The next meeting is scheduled for December 13 in Picayune. Mrs. Taro Thigpen serves as regent.

CHRISTMAS SEALS

Mrs. Elda Duke has been elected Christmas Seal Chairman for Bay St. Louis. Only a few of the stamps will be sent this year. Those wishing to make a contribution may take it to the Gulf National Bank where they may also pick up the Christmas Seals. This campaign is sponsored by the Mississippi-Hancock County Demonstration Council.

WWI VETERANS AND AUX.

The WWI Veterans and Auxiliary will meet on the grounds of the former post home 3:00 p.m., Thursday, November 20th.

Mrs. Kenneth King is now employed as office manager of the newly opened Point Lumber Company located on the former Cunningham property in Henderson Point.

Mrs. Elliott Ranney whose beach home address is 114 Camellia Drive was hostess to the St. Monica Chapter on Monday.

Mr. and Mrs. J. F. Davis whose home at 111 Clarence Avenue was destroyed during Camille are now occupying a mobile home located on Second Street. Mrs. Davis, prior to her marriage was Miss Naomi Saucier, long-time principal of the Pass Christian Elementary School. The destroyed home was approximately 150 years old and had belonged to Mrs. Davis' Grandparents.

Mrs. W. Dayton Robinson formerly of Clarence Avenue is now a trailerite. She plans to rebuild on a different location.

Miss Fillingame Plans Revealed

Mr. and Mrs. James Andrew Fillingame announce the engagement and approaching marriage of their daughter, Sandra Lynn to Ralph Karl Homstad, son of Mr. and Mrs. Elton Homstad of Plaquemine, Alaska. Miss Fillingame, a graduate of Bay High School where she was class salutatorian, served

as Junior Miss in her senior year. She was at Mississippi State University and the University of Southern Mississippi.

Mr. Homstad, a graduate of Nome High School, Alaska, attended Southern Alaska College, Seward, Alaska. The marriage will be solemnized December 19 at First Baptist Church.

THE MCCOY FAMILY OF BILOXI GET THEIR NEW CHEVY FROM LAMAR-LANE SALESMAN HERB AARON IN BAY ST. LOUIS.

OF LARGE cast for ENTER LAUGHING, scheduled for presentation next week at the theater are (standing L to R) Sharon McKenna, Bob Stroh and Nannette Madden; (seated R) Betty Lou May, Terry Malone II, Captain Harold Powell and Olive McKenna.

ON STAGE REHEARSAL of Torry Malone and Sharon McKenna, is critically observed by directors and cast members of Little Theater production, ENTER LAUGHING. (Fayard Photos)

Director For Law Enforcement Assistance

John Bell Williams announced last week that Kenneth Williams of Jackson will be acting executive director of the Division of Law Enforcement Assistance, the U.S. Justice Department, to be effective Dec. 1.

Fairly, Division planning co-ordinator and a veteran former Mississippi law enforcement officer, will replace Richard B. Compton who resigned to accept a position with the U.S. Justice Department.

"It is my wish that this

state's program of assistance to our state and local law enforcement agencies continue uninterrupted," Gov. Williams said, noting that appointments of Compton and Fairly were announced simultaneously last March with his creation by executive order of a Division of Law Enforcement Assistance to coordinate Mississippi's participation under Omnibus Crime Control and Safe Streets Act Title I programs.

"This program, drafted by Mississippians to meet our law

enforcement priorities, has already reached police departments and sheriff's offices from Ackerman to Jackson, from Clarksdale to Gulfport," Gov. Williams said. He referred to 200-hour, five-week basic police training courses, comparable to basic police training offered by such states as California and New York, now underway at the Mississippi Law Enforcement Officers Academy near Whitfield and to continue through next summer -- training for which the state pays tuition for participating municipal and county officers.

Little Theater Cast Announced

Burt Barrett and Cal Smith, co-directing the Little Theater's next production, ENTER LAUGHING, announce the following cast for the comedy to be presented next week at the play-house on Boardman Avenue.

Star of the show is Torry Malone II, playing the role of a stagestruck young man who becomes an actor almost by

accident. Principal supporting roles are played by Olive McKenna, John Scafide, Floyd Wiltz, Betty Lou May, Sharon McKenna, Captain Harold Powell, Bob Stroh, Nannette Madden, and Norris Sumrall; minor parts are done by Glenn Furr, Victor Franchetewicz, Jr., Jim Green, and Bill Delaney.

Curtain time is 8:15 p.m. on Thursday, Friday, and Saturday, November 20, 21, and 22. Non-members may obtain tickets at the door and are welcome to attend the show.

Helping Hand Given To Little Theater

The Bay St. Louis Little Theater, flooded above stage level by the silt-filled waters of Camille, received a thorough spray cleaning and disinfecting Saturday, at no charge by Herbert DeBuys of the locally owned M.D. Enterprises, Inc. A public spirited citizen, interested in helping a vital community project, De Buys brought his pressure equipment to the theater and spent six hours cleaning the lobby, auditorium, stage and entire backstage area.

Meanwhile, volunteers from the theater membership and board of directors, aided by city trucks and crew, cleared out water-soaked costumes stage properties and flats.

Due to these combined efforts, the building is ready for ENTER LAUGHING, scheduled for presentation on November 21, 22, and 23rd.

Bees are associated with monastic establishments and Old World monks have been beekeepers. In Yugoslavia bees are considered holy; all candles used in Orthodox churches are of bees wax.

AT&T To Cut Call Rates

After negotiations with the Federal Communications Commission last week, American Telephone and Telegraph, parent company of the Bell Telephone System, announced it will cut its interstate long distance rates \$180 million dollars. Decrease in rates for interstate long distance calls is scheduled to start next year.

This reduction coupled with an 87 million dollar cut scheduled for February 1, 1970, would mean a 1970 total savings of 237 million dollars for phone calls crossing state lines.

In making the rate cutting announcement the Communications Commission said the decrease in rates reflected an increasing AT&T profit coupled with increasing interstate long distance telephone use.

AT&T officials said the coming cut in rates would be the eighth such cut in ten years.

PVT. RICHARD W. NECAISE, son of Judge and Mrs. Forrest Necaice of Bay St. Louis, has successfully completed an advanced course in wheel vehicle mechanics, COD BA 4th C.F.T. Bd, Fort Polk, La. He is now assigned to the "School Brigade," U.S. Army Armor School, Fort Knox, Kentucky, to continue his training in a skilled trade.

PVT. F. B. Necaice has successfully completed advanced Infantry Training with Co. A-2-5 at Fort Polk, La. and has reported to Fort Benning, Ga., where he will go into non-commissioned officers training. Pvt. Necaice recently spent a two week leave with his parents, Judge and Mrs. Forrest Necaice of Bay St. Louis.

MR. AND MRS. FLOYD R. PERROWE JR.
(Ed Foyard Photo)

Saucier, Perronne Vows Solemnized

Miss Charla Anne Saucier, daughter of Mr. and Mrs. Walter R. Saucier of Bay St. Louis, became the bride of Leroy Perronne Jr. at a Catholic Mass at 2 p.m. Saturday in the Lady of the Gulf Catholic Church. The groom is the son of Mrs. Dorothy Perronne of Pass Christian and Mr. Perronne Sr. of Houston, Texas.

Rev. John Noone performed the double-ring ceremony before an altar decorated with arrangements of white gladioli and gerbera. George Wayne Malley, cousin of the groom, served as an altar boy. Mrs. John McKenna, organist, played the wedding marches and accompanied Mrs. Theodore Thomas who sang Ave Maria.

Escorted to the altar by her father, the bride wore a formal gown of white tulle with a long train which fell from her shoulders. Her elbow-length veil of silk illusion was attached to a tiara of rhinestones and pearls, and she carried a cascade of white orchids.

Mrs. Hugh Walden of Gulfport served as matron of honor, and Mrs. Gerald Saucier, Bay St. Louis, and Mrs. Odell Saucier, Jackson, sisters-in-law of the bride, and Misses Patie Wimlish and Martha Van Pesk of Bay St. Louis were bridesmaids. They wore floor-length dresses of emerald green velvet with headpieces of matching velvet bows. They carried bouquets of tangerine carnations interspersed with yellow mums. Misses Monica Malley and Tina Ladd, cousins of the bridegroom, served as flower girl and ring bearer. Scott Saucier, nephew of the bride, was ring bearer.

Mike Perronne of Houston, was his brother's best man and Hugh Walden, Gerald Saucier, Odell Saucier and John Necaise served as groomsmen. A reception followed at the home of Mrs. Saucier assisted in receiving the guests wearing a pink lace dress with matching crepe coat. Bone accessories and an orchid corsage completed her ensemble. The mother of the groom chose for the occasion a blue crepe dress with black accessories and an orchid corsage. Arrangements of yellow and white mums decorated the reception room, and the bride's table, overlaid with a white net cloth over satin, was centered with a three-tiered square wedding cake trimmed with pale yellow spun sugar roses and bunches of green spun sugar grapes. The top tier, separate by Grecian columns, was topped with the traditional white and groom's daisies and white pom-pom daisies. The bottom tier and silver candelabra, holding white tapers were on either side.

After the bride and groom cut the first slice of cake it was cut and served by Mr. Alfred Cosulich. For her wedding trip the bride wore a green and white wool dotted suit with brown accessories and a corsage of orchids.

The bride, a graduate of Bay Senior High School and Pearl River Junior College, is employed by South Central Bell Telephone Company of Gulfport. Mr. Perronne graduated from Hancock North Central High School, Pearl River Junior College and the University of Southern Mississippi. He is presently teaching at United Private School, Lucedale, Miss., where they will make their home.

Chinese rice paper is made from a small tree native of Formosa. The pith of the stem is removed and peeled off by a sharp turning knife into sheets. The paper is prized by water color painters.

'Round the Kiln

By Claire Mitchell
Annunciation Boys football team will play St. Mary's of Mobile on Saturday November 15th at 1 p.m. at Annunciation football field. The boys have a record of three wins and 8 losses.

The first annual "Turkey Bowl" for Annunciation School will be held on Sunday November 23rd. The day will begin with a turkey dinner being served, starting at 11 a.m. Game time will be approximately 1:30 p.m. Guests for the game will be our Lady of the Gulf of Bay St. Louis. Tickets for the dinner and game are available from PTA members of Annunciation and Ave Jones, president of Our Lady of the Gulf, P-74.

The first Girl Scout meetings were held last week at Annunciation School. The girls' calendar will be on sale this week from any of the scouts or Brownies in this area. The CYO will sponsor a dance at White Cypress youth center after Hancock North Central's opening basketball game on Saturday November 15th from 9 'til 12 p.m. The "Legacy of Time" will provide music.

MISS TERESA FEWELL
Fewell, Edmonds

Plans Revealed
Mr. and Mrs. Floyd Fewell of Waveland, Miss., announce the engagement of their daughter Miss Teresa Anne Fewell to Mr. Larry William Edmonds, son of Mr. and Mrs. Charles Lambert of Natchez, Miss.

The marriage will be solemnized at a Nuptial Mass at 2:00 p.m. Saturday, December 27, at St. Clare's Church, Waveland, Miss. Miss Fewell is a 1968 graduate of St. Joseph Academy, Bay St. Louis, Miss., and is a senior at the University of Southern Mississippi, where she is majoring in Library Science. The prospective bridegroom is a 1968 graduate of Natchez-Adams County High School. Mr. Edmonds attended Mississippi State University and the University of Southern Mississippi. He is presently in the United States Army stationed at Fort Lee, Virginia.

MISS DONNA NECAISE

Miss Necaise To Be Bride Of Mr. Dougherty

Mr. and Mrs. Frank R. Necaise of Bay St. Louis, announce the engagement and forthcoming marriage of their daughter, Donna Marie, to Lester J. Dougherty, son of Mr. and Mrs. John Dougherty also of Bay St. Louis.

The double ring ceremony will be held at 11 o'clock a.m., Saturday, November 15 in the Catahoula Baptist Church near Kiln, with Reverend J. O. Cuevas of Gulfport officiating. Charlene Green will serve her piece as maid of honor and George Green, Jr., uncle of the bride will serve as best man. A reception will be held following the ceremony in the home of the bride's parents at 325 Pallentine Street, Bay St. Louis. Friends and relatives are invited to attend the wedding and reception through this medium.

Impala's hidden persuader

- ① 350-cu.-in. engine
A new more powerful standard 250-hp V8 makes the 1970 Impala move with all the more assurance. On good ol' regular gas.
- ② Anti-theft column lock
A locking system is built right into the steering column. When you take your key with you, you lock not only your ignition but your steering wheel as well.
- ③ Flush and dry
We build the car so that rain and wash water can run down through the inside of the rocker panels, then out. Air follows to do the drying.
- ④ Full Coil suspension
Huge coil springs at all four wheels are four big reasons why a Chevrolet Impala rides smoother and quieter than a low priced car has any right to.

They look like highway guns, but they're built into the sides of the extra protection in case of fire. Not too many have them.

MRS. POLLY MAZARAKIS OF WAVELAND GETS KEYS TO HER NEW CAR FROM LAMAR-LANE SALESMAN HERB BARON.

Mrs. Polly Mazarakis of Waveland was in the need of another car. She shopped around a bit then visited her long time friend Herb Baron, salesman at Lamar-Lane Chevrolet in Bay St. Louis. She told Herb about what she was interested in and what she had to suggest. Herb was able to sell Mrs. Mazarakis just the car that suited her needs, the deal given her by Herb Baron saved her many dollars. Mrs. Mazarakis knows that if ever the need arises that the service department at Lamar-Lane is one of the best in this area and that all of the service personnel are factory trained and experts in their fields. If you're thinking about buying a car, truck or station wagon, visit Lamar-Lane Chevrolet and ask for Herb Baron, he could save you many dollars.

No Service Fees For Job Placement

Did you know that the local Employment Service is here to help you, the employees and employer's at no charge? The Mississippi State Employment Agency located in the Agriculture Building on NeCAise Avenue is manned by five local people interested in helping you find the work or workers suited to your needs. We urge our people to take advantage of the facilities offered them by coming in and filling out an application. This office cannot help you otherwise. Since Camille this office has interviewed and completed applications for over 600 applicants.

If you are now unemployed, or employed but feel you can better yourself through further training, our office can help you in this area also. There are courses available if you meet the criteria. We can refer you to one of our counselors for further advice or help.

We now have job orders for carpenters, laborers, painters, restaurant help and permanent opening for a maid and a janitor. In addition our files have persons waiting to care for children in their home and there are exceptional opportunities for stenographers and secretaries who can take shorthand at 80 words per minute and type 50 words per minute.

If you are interested in any of these jobs, or if any employers are interested in workers, full or part-time, please contact your local employment office between 8:00 a.m. and 4:30 p.m. five days a week.

Address your correspondence to: the Mississippi State Employment Service, P.O. Box 287, Bay St. Louis, Miss., or call 467-9473. It is important to you that you register your skills now.

PCYC To Meet In Temporary Home

By Joe Pilet
Commodore Charles Pearson, Jr. of the Pass Christian Yacht Club announces that the Board of Governors for that organization, has selected 126 West Beach as the temporary meeting place until such time as a new Yacht Club can be built. The building, now in the process of being repaired, is next door to The Sandpiper. It will have one very large room with a built-in bar, some smaller rooms for lounges, private space for the Juniors, a kitchen, a parking lot and adequate storage space for surplus furniture which was removed from the Club House prior to the storm and stored in a safe place. Ready date for the new location is "about mid-November."

The Board of Governors has scheduled a meeting for November 24, presumably it will be held in the Club quarters. This group has been meeting

Tiger Lily Club Elects Officers

Kay Curry was elected president of Bay High Senior Tiger Lily Garden Club when the group met recently with Mrs. J. R. Erwin, Counselor, and Mrs. Richard Sallinger, High School Gardeners' chairman, representing Bay-Waveland Garden Club.

Others named to office were Shirley Kingston, vice president; Laura Nell Cardin, secretary and Pam Benz, treasurer.

At last Tuesday's meeting Mrs. Sallinger gave a program on basics in flower arranging and demonstrated fall arrangements using dried and fresh flowers which were later displayed in the Home Economics room.

**Holiday
Greenhouse Is
Coast's Largest**

"In addition to repairing the more than considerable damage done to our operation by Camille, said Lavon Sheridan, manager of the Holiday Nursery on Third Street, additional greenhouse space will be built making Holiday Nursery the largest greenhouse on the Gulf Coast.

"With our new building, the manager continued, we will have 48,000 square feet of greenhouse space. At this time we have seven employees which will be doubled later on in the growing season. Furthermore, if business warrants it we have the land here to double the size of the plant."

Sheridan, an experienced nursery man, has managed the enterprise since February 1. In May, C.W. Smith, who has spent many years as a grower in greenhouses over a large part of the country, was employed.

The contractor who is to build the additional building is to start November 10, and Sheridan expects the plant to begin growing by Christmas. The new and rebuilt parts of the enterprise will have the most modern equipment in the nursery business including automatic water heating and cooling.

When underway the plant will wholesale most of its products and conduct limited retail sales. Owner of the plant is Hugh Evans, New Orleans, the president of D. H. Holmes Department Stores.

If you didn't wash your electric blanket before putting it away last spring, do so before putting it on your bed for the winter, suggests Miss Frances E. Fortenberry, equipment and housing specialist of the Mississippi Cooperative Extension Service.

"In fact, you will want to launder it often so the soil will not become imbedded in the fibers," she adds.

Follow laundering instructions if you keep them. Most reputable manufacturers include directions for laundering.

If you do not have information on washing, the following will be safe:

Disconnect the control and shake the blanket to remove dust. Then scrub soiled blind spots lightly with a soft brush and pretreat any stains the same way.

Next, soak the entire blanket in cool suds for about 10 minutes. Then put it into clean suds, as warm as for a baby's bath. Wash and rinse it at the same temperature.

Machine agitation or tumbling should not exceed three minutes. A short spin cycle will remove most of the water. Any remaining moisture can be gently pressed out by hand.

Never put electric blanket through a wringer.

Blankets may be hand-washed. Instead of rubbing, however, use a plumber's plunger to "suck" the suds through the fabric. This loosens soil and eliminates lifting and squeezing the blanket.

Drape electric blankets over two parallel lines to dry, straightening the edges and corners. Do not machine dry unless instructed to do so by the manufacturer.

With the advent of the holiday season home-makers turn their attention toward advance preparations to be made that will free them to enjoy family and guests with a minimum of last-minute efforts. Mrs. Nunez C. Pilet recommends particularly the use of Endust Spray. This preparation has a two-fold purpose. It picks up the dust and leaves behind an even film of protective wax. EN-DUST works like a magnet and holds the dust in cloth or mop. It is also recommended for maximum efficiency that mop head and dust cloth be frequently laundered.

TOPOC is another fine disinfectant spray with a fresh, pleasantly clean odor that kills household germs and prevents growth of mildew and mold. Its manufacturers say it destroys most disease germs including staph and strep. Why not keep a 7 oz. spray can of this prevention handy in your bathroom and kitchen to get the germs before they get you!

This is the perfect season for barbecuing and here is a

Engagement Announced

Mr. and Mrs. John Garriga announce the engagement of their daughter, Lena Mae, to Eugene Bennett, son of the late Mr. and Mrs. Sidney Bennett.

The wedding will be solemnized, 2:30 p.m., November 20, 1969, at St. Joseph Church in Ponton, Miss.

A reception will follow the ceremony in the Annunciation Hall at Kilo, Friends and relatives are invited to attend through this medium.

St. Stanislaus Sideline Hold Annual Turkey Shoot

St. Stanislaus Sideline will hold its Annual Turkey Shoot on Sunday, November 16, 1969. The shoot will be at the St. Stanislaus School and firing will start at 10 A.M. Turkeys will be given away in the General Shoot. Throughout the day there will be special shoots for one turkey. It is anticipated that approximately 20 turkeys will be shot during the day. In past years, the Sideline will serve barbecued ribs, fried chicken, hamburgers and all the fixings. Drinks will be available. In Genin, president of the Club, said, "Ticket prices are unusually brisk right now. The sales continue as they have in the past two years. We will have the best 'Shoot ever'." He also mentioned that it is time to get tickets from the members of the Sideline or from the school. He stated that a person who does not have to shoot his own turkey but may have some shooter shoot for him. They do not have to be members. They may call at the cafeteria for their turkey time after the shoot. Twelve gauge rifles are to be used for the general shoot. Mr. Norvin Fayard will be a range for 22's, and all those will be "special" and there will be a winner every round.

Alumni To Hold House Nov. 21

Alumni and friends of the city of Southern Mississippi are invited to an Open House prior to the Freshmen vs. Gulf Coast College game on November 21. Sponsored by the Hancock County Alumni Chapter, the affair will be staged at the Vista Hotel from 5:00 P.M. to 10:00 P.M. It will be a "Dutch" affair. Hancock County Alumni are invited to attend this affair. President N. M. Haas of the Hancock chapter invites members to attend the affair and then watch the game.

BAY ST. LOUIS Mayor, Warren Carver, (R) swears in Joseph Benvenuti as City Judge. Benvenuti replaces City Commissioner, William Frisbie who served the post on a temporary basis.

Garden Club Yearbooks Dedicated

Yearbooks for the Pass Christian Garden Club were dedicated to Mrs. Durrle B. Hardin and Mrs. Merwin Jones active members of that organization who lost their lives during Hurricane Camille. At the November meeting of the group the slate of officers for 1969-70 was read including Mrs. Roland Martin, president; Mrs. Frank Schmidt, vice president; Mrs. James Darrington, recording secretary; Mrs. Marvin Law corresponding secretary; Mrs. Harry Bassett, treasurer; and Mrs. C. D. Taylor, Sr., parliamentarian. The December 4 meeting of the club will be held at 1:30 p.m. in the home of Mrs. Malcolm Dinwiddie. Guests on this occasion will be members of the Junior Garden Club. The club defeated Baby Southerners in action in their final game of the 1969 season.

MISS ROSELIN DUCHKAR, RIGHT, GETS HER NEW CHEVY NOVA from Lamar-Lane SALESMAN HERB BARON AS HER FRIEND MISS WINDY McDONALD LOOKS ON.

Miss Roselin Duchkar of Waveland was interested in a new Chevy Nova. Her family has bought several cars from Lamar-Lane and know they always get an excellent deal here. Also her friend Miss Windy McDonald's mother and father just bought two cars from Herb Baron of Lamar-Lane Chevrolet. Miss Duchkar visited Lamar-Lane and asked to see Herb Baron. At Lamar-Lane she was given the professional treatment by Herb Baron that he gives all of his customers. Miss Duchkar is very happy with her new Nova and wants to recommend to all of her friends thinking of buying a new car to visit Lamar-Lane Chevrolet and ask for courteous Herb Baron, he could save you many dollars. LAMAR-LANE CHEVROLET, INC. (A Gerry Lane Enterprise) MISS ROSELIN DUCHKAR Waveland, Miss. Adv.

We care where our product is served.

Beer served in pleasant and wholesome surroundings is the aim of the United States Brewers' Association. And we are always striving to do something about it. The USBA is represented by field men around the country. They meet with proprietors of establishments where beer is sold. They work in every way possible to promote a set of high standards wherever beer is served. This USBA effort means even more enjoyable places for America's great beverage of moderation.

BAY ST. LOUIS

GULFPORT

WAVELAND

By L.S. (Doc) Elliott

Although November is here, cold weather is not. Flashed over the weekend in our shirt sleeves. Cool in the morning and hot during the day. Fog most every day. Speckle trout have been caught up Jordan River and are still being caught. They are striking artificial bait by trolling and with live shrimp and Minnows.

Bass (green trout) are doing a little better. They are also caught by trolling this time of the year and will hit plugs and popping bugs on warm days.

The second segment of the dove season opened on Nov. 8 and ends on Nov. 30. Among those going after them were Dr. Emil Bertucci and August Rauxet. Haven't heard how many they got. I still believe it's too hot to hunt doves.

Also the Rail, Sora, Virginia King and Clapper season is open and runs until January 8th. Have seen very few as yet. The above are better known as marsh hens. For eating, like doves and quail the best thing is the breast. Bag limit is 25 in the aggregate.

The season on gallinules is also open. Nov. 1 thru Jan. 8. Limit 15, possession 30. State-wide.

Seen up the river most every day are Raoul Telhard and his wife. Both are good fishermen and usually catch their share.

Pat Garcia loves his trolling. He and Yours Truly caught a nice string of speckles one day last week. Pat usually trolls with two poles and occasionally catches two at a time. That's something, but it happens.

Charles Staehle is another of our speckle trout fishermen. Too busy to fish right now he claims.

Saw Nolan Ladner the other day. He is waiting to go after any kind of fish. Nolan does a lot of trolling, too.

Talking about fog, Raoul Telhard got lost in it one early morning. He wound up in Visco's Lake.

Was a pleasure to meet Hoke Ogden after umpteen years. Hoke and I fished together years ago. He is still at it and goes on every occasion. His home is in Jordan River Oaks.

Charley Prest does all kinds of fishing. He catches big fish at Empire, smaller fish up Jordan River and other places hereabouts. Just another old timer when it comes to our door sports.

Sarge Garcia still hoping to go crabbing and fishing. Too busy to do either, he claims.

George Thornton with Lamar Lane Chevrolet Co. does a lot of fishing and hunting. Let's go get some of those speckles, Geo.

If you like watching the kids play football you will have an opportunity on Nov. 23rd when the Bears of Our Lady of the Gulf School meet players from the Annunciation School at Kiln, Miss. There will be turkey dinners served at 11 a.m. The game will start at 1:30 p.m.

Tickets for the affair will be on sale locally from Nov. 15. Coaches for the O.L.G. team are Ken Aubrey and Posa Thomas and those for the Kiln team are Wesley Haze and

Buck Ladner. He is called the Turkey Bowl game and should be the beginning of an annual classic.

Was gratifying to learn that Dan Haggerty won the election Nov. 8th for Clerk of the Criminal Courts in New Orleans. Dan is our son-in-law, his wife is June Elliott. He defeated 8 opponents in the first primary, getting over 100,000 votes. Goes into office in May. His father Ed Haggerty has been clerk for 50 years. My birthday was Nov. 8th. A nice birthday gift, folks!

Went fishing with Harry Roman. Caught some nice opocles, trolling. Harry is a past master at fishing and hunting.

Sheldon Sussaneau, Jr. and Jimmy Strong caught 66 opocles and 4 red fish up Jordan River. They were using live shrimp. Sheldon has a nice speed hull which he uses to advantage.

As a reminder, you can usually get live shrimp from Alfred Copalich at Joe's Bayou. Speckle trout really love them.

Mr. and Mrs. Gono Manfort were over for the weekend. They both love crabbing and fishing. Will be back soon they said.

Edward Nelson and John Stogel do most of their fishing over at Henderson Point. But occasionally they fish up Jordan River and around the Kiln. Old time fishermen, you can find them most anywhere. They catch all kinds of fish, speckles, red fish, sheepshead, flounders, etc. Real fishermen don't brag, they only catch them.

If you want to catch some fish go to Jordan River. Rent a boat, use live or dead bait or better still if you have a motor troll for them with most any artificial bait. They are there and are biting.

Did you know the beaver is classed as a predatory animal and there is no closed season on beavers.

Most of the bayous running into Middle River are now closed by large drums as a barricade. Among them are Black Bayou, Mills Bayou and Kaufman Bayou. They will be opened after the hunting season.

Speckle trout are being caught in Little Lake and in Pearl River proper by trolling and with live shrimp. They are running pretty big. Specks will also hit popping bugs on a fly rod.

CANDY STRIPER TEA
Awards tea for Hancock General Hospital Candy Strippers and their mothers given by the Hospital Auxiliary will be held at 8:30 p.m., Saturday, November 15, in the hospital dining room.

Presentation of awards earned during the year will be followed by refreshments in the conference room.

SPORTSMAN OF THE WEEK

John McDonald hasn't done much fishing and hunting. His real sports are golfing and sailing. At sailing he is one of the best. Things will straighten out, John said, and regatta time is not too far off.

MILLER SOCIAL CLUB

A special meeting of Miller's Social Club will be held on Wednesday, November 12th at 8 p.m. All members are urged to attend.

MRS. LAURA PIAZZA TAKES DELIVERY OF HER NEW CHEVROLET FROM SALESMAN JOE PALAZZO OF LAMAR-LANE CHEVROLET.

Mrs. Laura Piazza of Gulfport was in the need of a new car. She had been reading the advertisements about the very good deal the folks at Lamar-Lane Chevrolet in Bay St. Louis were giving and she knew that she could get a terrific car. At Lamar-Lane Chevrolet, she was greeted by salesman Joe Palazzo. She told Joe what she was interested in and Joe gave her a Lamar-Lane price on a new Chevrolet that she just couldn't turn down. People all around have been reading and hearing about the very good deals the folks at Lamar-Lane Chevrolet give their customers and are finding out that it is true when they drive over and pay them a visit. If you're thinking about buying a new car, visit Lamar-Lane Chevrolet and ask for Joe Palazzo, he could save you many dollars. LAMAR-LANE CHEVROLET, INC., MRS. LAURA PIAZZA (A Gerry Lane Enterprise) Adv. Gulfport, Miss.

New Business Opens In Pass Christian

On November 3 The Point Lumber Company with Arthur W. Hyatt as its manager opened formally for business. Located in the Henderson Point area at the site of the former Cunningham enterprises this lumber company is cyclone fence enclosed, has all materials under cover, and has three wide entrance gates for easy loading and delivery. The firm is open week days from 7:30 a.m. until 5:00 p.m. and on Saturday it closes at noon.

Mr. Hyatt says the colors red and white will be their identity with trucks, buildings and even the mail box in those colors! Storage sheds have an area of approximately 18,000 square feet and lumber, mill works, roofing, cements, nails and plywood are stocked. Mrs. Kenneth M. King is the office manager.

Plans are to beautify the Highway 90 approach and already there are Oleanders and Ligustrum along the fence row.

into third position in National Junior College Football Poll, behind Northeast Oklahoma and Arizona Western. The poll compiled by the national Junior College Grid showed the Wildcats had moved from fifth place to third.

Showing their mettle in coming from behind to take a hard won victory, 22-14, over Hinds Saturday in the Columbia Mississippi High School Stadium the Wildcats now stand 8-0. They might move up in the poll depending upon what the Northeast Oklahoma and Arizona Western did over the weekend.

Going into the second half of the Hinds' game the Wildcats were on the short end of a 14-13 score. They held Hinds for the rest of the game; made a field goal in the third period and in the last quarter put the game on ice when Wilson shot a TD pass to Ladner.

Pearl River now leading the Mississippi Junior College Conference can win the conference title by beating Holmes in the next game and possibly going higher in the poll. If the Cats only tie Holmes they would still win the title but if they lose to Holmes a game

between Pearl River and East Mississippi would be required with the winner of that game becoming the conference champs.
